THE FTMAINTENANCE ADVANTAGE

AUTOMATE EVERYTHING

SUPPORT NETWORK

INDUSTRIAL FOCUS

FTMaintenance is built on a core philosophy of product and service excellence called the FTMaintenance Advantage. This philosophy is ingrained in all aspects of FTMaintenance - from product development to the outstanding customer service we provide. Regardless of location or industry, it is our goal to make maintenance management easy.

"Automate Everything" Philosophy

FasTrak focuses on automating nearly every maintenance activity to save you time, improve the accuracy of your maintenance data, and help your team run more efficiently. FTMaintenance is continually updated to automate processes and procedures.

Support Network

FasTrak proudly provides a variety of support resources to help customers maximize their FTMaintenance experience.

- **Startup Service Package** - All new customers receive <u>free</u> implementation assistance, <u>free</u> data importation tools, and <u>free</u> user training.
- **Technical Support** - FTMaintenance customers receive <u>unlimited support</u> from a dedicated FTMaintenance Customer Care Specialist and the FasTrak Technical Support Team.
- **Product Upgrades** - Customers in warranty receive <u>free</u> FTMaintenance upgrades and enhancements.
- **Product Documentation** - FTMaintenance customers have access to product documentation, tutorial videos, and an integrated help file.
- **Training Classes** - FTMaintenance training ensures user productivity and maximizes return on investment.
- **Custom Services** - FasTrak's uniquely valuable custom services include consultation, data importation assistance, custom development, and system integration.
